Membership Categories

The categories of membership for the College are shown below (with current numbers in parentheses).

* Appointments can be made to these categories on a 'Visiting' basis.

This structure works with three major, distinct classes of senior member:

1. Core Fellowship

The members in these categories drive the College's contributions to the Collegiate University in terms of research, teaching, governance, pastoral care, development, outreach, etc.

2. Honorific Categories

The members in these categories are there in recognition of significant earlier contribution to the College.

3. Associate Membership

The members in these categories are affiliated with the College and provide important but more limited contributions.

The rights and responsibilities of the different categories always remain subject to amendment by the Governing Body. A revised set of College Regulations covering the roles, rights and responsibilities of the different categories of membership is available on the College website.
